## CITY MATTERS.

Mr. S. Jerome Uhl, the artist, will return here from Paris, in July.

Rev. Henry Tuckley has returned from his trip to the East and South.

Rev. L. H. Uhl, the missionary to India, is on his way home, with his family.

Mr. Huffman, an employee at Bie's brewery, was at police headquarters early this morning inquiring for his horse, which either strayed or was stolen from his stable last night.

The Champion City Guard are about ordering an outfit of regulation black helmets, from Columbus, to complete their dress uniform. They already have the white helmets, for summer use.

Mike Gaffney was arrested by officer Nicklas in a saloon on Clinton street last night. Mike is suspected of having a finger, it not a whole hand, in the robbery of Hamilton & Brannaman's wagon last week.

The officers of the Sabbath school of the First Baptist church have arranged a programme for next Sunday evening which promises to be interesting as well as commemorative of the great event for which the day is celebrated. The public is cordially invited.

Col. Coates Kinney is improving daily. His appetite is better and he is now able to sit up in bed, when propped with pillows. His hair having been forced out by fever, he is able to appreciate the feelings of the ancient prophet, on a certain occasion, when a herd of bears materialized, suddenly, by way of affording relief.

About thirty of the friends of Mrs. Anna C. Robinson met at her residence, 135 Maple avenue, Wednesday evening, and gave her a complete surprise. Mrs. R. received many handsome presents from her friends; and, after partaking of a fine repast, the party left, wishing the happy couple a long and prosperous life.

A delegation of a dozen or more colored preachers came in early last evening to attend the Methodist conference which met here today. As they alighted from the train an Irishman spied them, and remarked: "Be jehers! There it is again. These dirty-dirty Republicans is coming in today to vote their ticket next Monday. Fair, I'll go and tell Mister Conside."

The annual Easter social will be given tonight by the Young Ladies Missionary Society of St. Paul's Church. An excellent programme has been arranged, and everything prepared to render the evening enjoyable. Refreshments will be served in the parlors, where there will be a booth for the sale of eggs and fancy articles. Exercises will begin at a quarter before 8 o'clock. No charges to be made at the door. All are cordially invited.

On Thursday evening, April 2, an Easter social will be given in the parlors of Central M. E. church by the Y. L. F. M. society. No admittance will be charged at the door. A literary programme has been arranged for the evening. An elegant supper will be served, consisting of omelet, cake, pickles, salmon and eggs, prepared in various ways. Price of refreshments will be twenty cents. Those wishing to purchase decorated Easter eggs for their friends can procure them at a reasonable price. These eggs are decorated quite charmingly by hand painting, transfer or colored in beautiful tints.

Another Pythian Housewarming. With the assistance of a large number of ladies and invited guests the Knights of the Champion City Division, No. 44, C. R. K. of P., last evening formally dedicated their new headquarters and drill-hall on High street, opposite the Arcade, the affair taking the form of a basket social. The new-laid game of euchre progressed at a dozen tables, ranged upon one side of the hall, while the dancers had the other side to themselves, a good orchestra furnishing music, altogether, composing a scene of great animation. At 11 o'clock each gentleman was furnished a numbered card, and it was then made his pleasant duty to possess himself of the basket bearing a corresponding number, search out the lady whose card was found therein, with whom he was privileged to share the good things filling the basket. The Dayton pig, won by No. 44 at a fair during the holidays, was served up in great shape, delicately roasted, with a big red apple in his mouth. The company came to the unanimous conclusion that it is possible for some good things to come out of Dayton. The goose is reserved for future feasting. The festivities were kept up for some time after midnight and everybody enjoyed the evening. The hall has been nicely papered and the windows decorated in crimson. The reception room is a gem, the ceiling being frescoed to show the Pythian emblems and colors and the walls decorated with banners, pictures, etc., very attractively. No 44 is now "at home" to its friends.

Missionary Anniversary. The annual meeting of the Springfield Auxiliary to the McCall Mission in France will be held in the audience room of the Second Presbyterian church tomorrow evening, at 7:30 o'clock. Exercises to be conducted by Mrs. Rev. Wm. H. Warren, President of the Auxiliary. Refreshments will be served, without charge, and a social hour spent in the lecture room, after the following brief programme has been presented in the church proper, an invitation being extended cordially to this closing feature of the evening as well as to the exercises of the programme itself: Devotional exercises. Paper—"Our Opportunities: What are They and How can They be Best Improved?"—Mr. J. C. Fernald. Secretary and Treasurer's Reports. Reading—"The Starving Crowd"—Miss Sue Leitch. Paper—"The Transforming Power of the Gospel"—Mrs. Dr. A. A. Baker. Music by the Second Presbyterian Church Choir.

## A TIDAL WAVE.

Sweeping Away the Last Doubts of Success of the Republican Ticket—Resolutions by the Springfield Club—Further as to Friday Evening's Rally.

In all candor and fairness, viewing the situation from every standpoint, the success of the Republican ticket in Monday's election seems now beyond reasonable doubt, the only danger being from over-confidence leading some to stay away from the polls who might exert themselves to extent of casting a ballot if the contest were a little less one-sided. It is for this class to remember that, so far as the moral effect of the election is concerned, the size of the majority is important. The election of the Republican candidates by a bare plurality would not have half the significance that a full, round thousand or twelve hundred would have. There seems, further, it may be stated, some apprehension that the candidate for City Marshal, Wm. H. Hughes, is in some special danger. The Democracy, standing all hope of forcing Jake Smith on the community, concentrating their efforts in a desperate attempt to save O'Brien. Certainly it will not be highly creditable to the city for the voters time to allow a saloon-keeper to be placed in power rather than a tried and faithful officer and ex-soldier. Mr. Hughes, upon leave of absence, has been circulating among the people for a day or two, and has everywhere made friends of a sort that help him at such times with their support. In short, no candidate on the ticket should be "scratched," as one is as worthy as another, and all are of the best standing.

Not much is heard on the question of the new market house appropriation, but the general impression among men about town seems to be that it will carry. The voting upon the question will be by separate ballot, and City Clerk Shewalter has provided a set of boxes, ornate and peculiar in make up, for the wards and precincts, so that with the city and township boxes there will be three at each polling place.

## Republican Club Resolutions.

The Springfield Republican Club met pursuant to adjournment, with the president in the chair. After the regular routine of business was transacted, the merits of the approaching spring campaign were discussed, and the following resolutions, introduced by M. H. Vaughn, passed by a unanimous vote: Resolved, 1. That it is the sense of this club that the best interests of the citizens generally will be enhanced by the Republican party coming into power in local as well as state affairs. 2. That the Republican nominees for city and township offices meet the unshaken approval of this club. 3. That we labor earnestly with unswerving energy, and indefatigable industry for the election of the whole Republican ticket on the 6 inst. 4. That we stand to our integrity as men in the approaching city election and show to the pursuers of votes (vote brokers) that our manhood is not for sale. 5. That any man who puts himself in the market to be bought should be ostracized by both political parties, labeled as a fraud, and as unfit to associate with respectable people.

The meeting of Fifth Ward Republicans, at the City Clerk's office, Bowman building, West Main street, was called for this (Thursday) evening instead of last evening, as announced. It is for purposes of organization and it is hoped there will be a large turnout.

Publication of the list of names of those invited to speak at the grand Republican rally, in the Wigwam, tomorrow (Friday) evening added to the interest taken in the matter. It is suggested the list be repeated, and it is as follows: Chairman, R. F. Hayward. Gen. J. W. Keifer, Capt. A. S. Bushnell, James Buford, E. J. Vose, E. S. Wallace, C. T. Pringle, W. S. Newberry, Geo. C. Rawlin, M. O'Neill, James P. Goodwin (candidate for Mayor) Wm. Diehl, W. L. Weaver, A. N. Summers (candidate for Solicitor) Graham Duwell, Wm. A. Whiteley, J. B. Rabbitt, Dr. J. W. Nelson, Judge John C. Miller, W. M. Rockel, Thos. J. Jewett, J. B. Lisle, B. F. Prince. The parade of the Ping Hat Brigade will occur promptly at seven o'clock, the companies and Glee Club all meeting at the Wigwam at that hour. The line of march will not be long. It is suggested that the members of the Glee Club all turn out in silk hats; but those having none should not stay out of the parade on that account. It is also suggested, without action having been taken, that in the not improbable event of the death of Gen. Grant before the time for the meeting the parade be dispensed with and the meeting thrown open to all citizens as a memorial gathering to do honor to the distinguished deceased. Unless formal announcement is made regarding it, there will be no change of plan, however.

The Republican executive committee transacted to business of general interest at the meeting last evening, but all reports received were favorable for success at the polls next Monday. There may be something done to secure the attendance at the polls, during the day of election, of delegations of order-loving, substantial citizens, representing all branches of business. The committee meets again tonight and Saturday night.

Dr. A. A. Blount is about to return from Geneva, Switzerland, to take up his residence at his old home, on South Limestone street, in this city.

## Jonah and the Whale.

A reader of the Philadelphia News, contributes the following extract from a composition of a little African girl, who was a wild savage a few years ago, but is now in the orphanage of Cape Palmas:

HISTORY, GEOGRAPHY, AND THE EARTH. Do you know what history is? History, as you know, teaches us what is to happen in the past event.

Geography shows us where the thing has happened. History tells us where Adam and Eve were created, and geography shows us where the garden of Eden is, which continent, and which division. History tells us that Adam was the first man that was created, and while he was sleeping God took out one of his ribs and made Eve.

After while Eve went to walk among the trees of the garden. Conversation took place between her and the devil. The devil told her to eat some kind of fruit which God had told her and Adam not to eat. She took it and ate it, and also took some for her husband. When Adam saw it he did not take time to ask Eve where she got it from.

History, geography, and the earth just do go together. One tells us about that, one about this, etc. Histories are interesting to read, indeed they are. It tells us something about the whale. The whale is the largest animal in the sea. Whale is spoken of in the bible. When God had sent Jonah to Nineveh to preach to the people about their sins, Jonah refused to go. He went into a ship with some people. He just went in there to hide from God. But God caused a storm to take place. The ship went from this way to that way. The people were afraid indeed, and they began to cast lots. The lot fell upon him. They took him up and threw him into the sea.

While he was going to the very bottom of the sea, he met with this and that. The whale said: "My friend, where are you going?" Jonah answered and said: "I have disobeyed my God, and I am trying to hide from his face."

The whale said: "You ought to be ashamed of yourself. Don't you know that neither you nor I can not hide from his face?" Jonah said: "Oh, whale, I am so afraid I don't know what I am saying or doing." The whale said: "Jonah, O Jonah, take heed to yourself, for indeed I will swallow you." "Have mercy on me, O whale, and if it is God's will, he will carry me safe to land so I may obey him."

The whale said: "Jonah, put your head in my mouth, and get ready for your life." Jonah said: "Whale, I think you had better swallow me, because I see there is no use in talking." The whale said: "Jonah, the idea of your running away from God. You will bear the consequences. That is all I have got to say." At the same time he did swallow him up. Jonah thought the whale's body was the grave and end. He did not think he could get to the shore any more, therefore he offered up a prayer to God for his soul, if he should die before he could get to the shore, if it was God's will to carry his soul to heaven. The whale did not rest day after day and night after night, and so after three days the whale went to the shore and vomited Jonah up.

Jonah was just like a drowned rat. Mary was a buxom country lass, and her father was an upright deacon in a Connecticut village. Mary's plan of joining the boys and girls in a nutting party was frustrated by the unexpected arrival of a number of the "brethren" on their way to conference, and Mary had to stay at home and get dinner for her father's clerical guests. Her already ruffled temper was increased by the reverend visitors, themselves who sat about the stove and in the way. One of the good ministers noticed her wrathful impatience, and, desiring to rebuke the sinful manifestations, said sternly: "Mary, what do you think will be your occupation in hell?" "Pretty much the same as it is on earth," she replied, "cooking for ministers."

About 50,000 gallons of wine are consumed at the sacrament tables in the United States every year.

A calf with five legs is one of the curiosities to be seen at Dalton, Ga.

A "Women's Exchange." The sign was displayed and somebody went in to see if a man who was tired of his wife could find a trade here for his wife for another one. Found it was impracticable. The best kind of exchange for women is that which is promoted by Brown's Iron Bitters. Exchange poor health for good. Broken down and debilitated ladies with impoverished blood find vigor and joy in the enrichment which this price of tonic bestows on them.

The British government has purchased the rifle factory in England, at Birmingham, with its patents on the Martini-Heery rifle. The company owning it collapsed on the conclusion of the Franco-German war. The purchase includes a stock of rifles valued at \$75,000. It is expected that several thousand workmen will be started directly.

I have been afflicted with catarrh for 20 years in the left nostril. It had become chronic, and there was a constant dripping of mucus matter from the roof of my mouth. It extended to my throat, causing hoarseness and great difficulty in speaking, indeed for years I was not able to speak more than thirty minutes, and often this with great difficulty. I also, to a great extent, lost the sense of hearing in the left ear, and of taste. By the use of a few bottles of Ely's Cream Balm I have received more relief than from all other remedies beside. All droppings of mucus have ceased and my voice and hearing are greatly improved and will no doubt be entirely cured. Jas. W. Davidson, Attorney at Law, Monmouth, Warren Co., Ill.

## Dr. CARPENTER'S CALCULI RESOLVENT.

Bright's Disease, Gravel, and all Liver and Kidney Diseases.

As a result of Catarrh of the Bladder, composed of carbonates of lime and magnesia, etc., precipitated in the vital organs by the elimination of the carbonic acid, gas from our drinking water and vegetables, which contain these carbonates in large quantities.

Chronic inflammation and other diseases of females have the same aggravating cause. Catarrh also forms in the Hepatic duct causing derangement of the Liver and introducing a train of Stomach Diseases, as dyspepsia, accompanied by Sour Stomach and Impure Breath. Other results of Catarrh are Pain in the Back and Limbs, Neuralgia, Rheumatism, and General Lassitude accompanied by derangement of the vital and secretory organs.

These Calculi are the same with the addition of uric acid as the deposits found in every scatelet. Catarrh Resolvent dissolves and causes them to pass away in fine particles without injury to the organs themselves, and cures the resultant diseases, a result long sought by medical science, but never before attained.

Sold by Druggists generally. Price \$1.00 per Bottle.
